

Hello Fellow Crazy ET Runners!

Race day is quickly approaching- I hope that you are just as excited as I am for the 13th annual ET race! Welcome back to the many of you that ran in past years' ET race or one of the many other Calico Racing events. Your return to another one of my events is a great compliment, so thank you. For all of the others, welcome to the growing Calico Racing family! I hope to make this a special event for everyone. Don't forget your costumes!

Below is some information about race day that will ensure for a smooth event. Please read it in its ENTIRETY as it will answer 99.9% of questions you may have.

Volunteers: Please remember to thank your volunteers! They are out there in the middle of the night likely 2+ hours from home- true Angels! **I am still looking for a few more volunteers!** If you have someone traveling with you to the race that is not participating that is willing to help out on an assigned position for a couple of hours, please email me ASAP. I also have a few positions available for anyone running the 5K or 10K that is willing to volunteer after they finish their race: calicoracing@hotmail.com

*****SWITCHING DISTANCES***** Calico Racing permits the switching of distance without an administrative fee (upgrade in distance fees apply) but YOU MUST TELL US! If you would like to switch distance from what you are registered for, please email me **NO LATER THAN Wednesday of race week at 11:59pm.** calicoracing@hotmail.com. Failure to comply will mess up the results and awards- so your cooperation is expected.

Bib Numbers: Bibs should be worn on your front. 4 pins will be included with your race packet.

Timing Chips: *Chips must be worn on your shoe, only.* Two beaded zip ties will be in your race packet to secure your timing chip to your shoe through your laces. Your loaner timing chip needs to be returned at the finish line. A volunteer will be on site to assist. Failure to return your timing chip immediately following the race will be subject to a \$10 fee.

Start Times: All runners must start with their respective gun time and be **across the timing mats within 5 minutes of the official start.** Those starting later than 5 minutes after the official gun start will be reported with gun time only. Please note that the 51K, Marathon, and Half Marathon are a chip captured finish with a gun start (i.e. no timing mat at the start line.) The crowd is small enough that all participants pass the start line within ~20 seconds, so not to worry.

DRIVING: For those of you driving yourselves, please check the "directions" page for directions to the start line. If you are racing the marathon, 51K, or ½ marathon, please report to the Marathon & 51K Start line "the Black Mailbox". This is 20 miles from the turn off of Highway 93. Please park along the dirt road perpendicular to the ET Highway, out of the way, not blocking traffic. **ALL Half Marathon** runners will be bused to their start lines. **There is NO parking nor drop off at the 1/2 marathon start!** The Black Mailbox will be attended with volunteers starting at 10pm. **Those of you driving yourselves are strongly encouraged to arrive between 10:15pm- 10:30pm, before the**

buses arrive. **Please do not plan on intentionally following the buses.** Anyone arriving and parking at the Black Mailbox prior to 10pm may be redirected to park in accordance with volunteer instructions.

10K/ 5K runners driving themselves: Please report directly to the Little A'le'Inn Restaurant in Rachel. This is 40 miles from the turn off of Highway 93. The Little A'le'Inn is the start line for the 10K & 5K, the finish line for all 5 distances, and the location of the post race breakfast. **IMPORTANT NOTE:** Contracted troopers have been instructed to hold all traffic at 11:55pm for a clear start for the marathoners and 51K runners. After their start the buses will depart, then you will be allowed to follow behind. **PLEASE plan on passing by this point no later than 11:50pm en route to your start line. Otherwise you WILL get stuck behind traffic and will likely miss your start time.**

1/2 Marathoners (ALL): There is no parking nor drop off at your start line! **You MUST be on the bus at the Black Mailbox by 11:45pm** for a clear start of the marathon and 51K and immediate departure to follow. Be sure to use the portable toilets at the Black Mailbox and on the bus. Toilets and time are very limited at your start line. Buses and darkness are abundant.

Transportation will be provided back to the Black Mailbox to collect your cars for those of you driving yourselves. This will run roughly every 30-45 minutes, based on demand, starting at 3am. 10K/ 5K runners driving yourselves: if you're heading home after your race, are passing by the black mailbox, and have room in your car; perhaps you could offer a ride to someone needing to collect their car?

****SAFETY REQUIREMENT****

***All runners are REQUIRED to wear a 360 degree reflective vest AND carry a handheld flashlight or wear a headlamp; glow-bracelets will additionally be provided. A 360 degree reflective vest can be pre-purchased for \$9 during the registration process and will be collected at packet pick up. If you have one of your own you may wear that instead, but it must be a 360 degree reflective vest. At present, we anticipate having extra vests available for sale at packet pick up for \$9. We encourage you to additionally maximize your visibility with ankle or arm bands. All runners will be provided with 1 Glo bracelet please wear it- this is IN ADDITION to the reflective and light requirements!**

*****Please note that this is a permit requirement and you are required to comply in order to run the race. Your vest MUST be 360 degree reflective. Any excess inventory of our vests after pre-sales will be available for purchase at packet pick up on a first come first serve basis until sold out.**

Pre-Race Fueling: Due to the late time of night this race starts, many people find their pre-race fueling different than morning start times. I suggest eating your pre-race meal as close to Las Vegas departure as possible- for most runners this is still 4+ hours prior to

your start time. I also suggest bringing your own sports bar, drink, banana or snack of your choice for consumption maybe an hour prior to your start just to top off the tank.

A'le'Inn: For those of you arriving into Rachel before the race, PLEASE do not go inside and ask the A'le'Inn staff about the race. They are busy with their own duties and are not informed about "all things race". **Note there is NO race provided transportation from the A'le'Inn to the marathon, 51K, nor 1/2 start lines.**

Costumes: We highly encourage costumes at the race and have had some great ones in the past! We award "Best Costume" awards to the best 2 alien inspired costumes. If you would like to be considered for the award, please SEE ME at your start line while in costume. Your bib number must be visible. A race committee will make the final winner decisions.

Dry clothes bags: Yes, you may have a dry clothes bag. Use your own bag and clearly mark it with your name. ALL marathon, 51K, and 1/2 marathon bags should be LEFT ON THE BUS, ***in the baggage bays below***. They will be transported to the finish line for you where a volunteer will remove them at the Little A'le'Inn finish line and lay them out on a tarp. **Buses and tarps will be numbered corresponding to each other, so that bags from bus #3 are laid out on tarp #3.** These will **not be guarded** so we are not responsible for lost belongings, so no valuables please. If you are driving yourself to the marathon, 51K or half marathon start, you may place your dry clothes bag on any of the buses and it will be transported for you to the finish line- **note the bus number. Please remember to collect your bags after the race as bags will NOT be mailed.**

Aid station and portable toilet locations are listed on the website. Visit the "aid stations" tab listed under the event title. Aid Stations are 3-4 miles apart so **Remember your water bottle!** 10K and 5K runners will have water every 1.55 miles apart and do not need to carry a bottle.

* Please note: I will be coming up from the packet pick up in Las Vegas, and it is likely I will not arrive at the marathon start until 11:15pm. If you show up before then, please do not be concerned. I will be starting each of the 5 distances, so 10K/ 5K runners, sit tight- have fun and I'll see you before your race! A volunteer should be present until I get there.

***** Please also note: Don't forget- when you're driving there may already/ still be runners on the road. Please drive slowly and give them the same level of respect you would desire. Also, please be mindful of NOT using your brights in the runners' eyes. Thanks.**

**** There is **no GAS** in Rachel. Gas is available in Alamo and Ash Springs.

***** DO NOT EXPECT CELL SERVICE AT THE RACE VENUE. Coverage is spotty.

Course Safety:

**Two contracted Troopers will be on site at either end of the highway. They will be controlling traffic, however the roads will be open. Exercise extreme caution at all times. If you experience blurry vision or spatial disorientation while running, it is advised to stop or slow down. Concentrate and focus on one area, such as the white line of the highway.

- You must run on the shoulder of the road. Running 2 abreast is only permissible if both of you are out of the roadway.
- **Runners are not permitted to cross over the roadway. Stay on the south side of the Highway.**
- Please appreciate the fact that this permit was extremely difficult to get, and a successful event is imperative to the perpetuity of this race. Your cooperation is required and appreciated. Anyone conducting themselves in such a way to jeopardize the safety of the event will be disqualified.
- Anyone dropping from the event **MUST** inform an aid station volunteer or report to the finish line. **ALL** timing chips must be returned!
- Yes- you may wear an Ipod as long as the volume is reasonable and you can hear the possible rattle of a snake. In the years there have been 2 snake sightings. They are rare, but possible so best to keep your ears and eyes open and your light on.
- Yes- it is open range so you may see cattle on the roadway. Thus far we have not had any close cattle encounters during the race, but I have seen them in the road mid-day. If you see them, approach slowly and proceed with caution along the course.
- There are 2 cattle guard crossings on the marathon, 51K, and 1/2 marathon courses. These will be covered and a cautionary sign will advise you.

Volunteers: Please remember to thank your volunteers! They are out there in the middle of the night likely 2+ hours from home- true Angels! **I am still looking for a few more volunteers!** If you have someone traveling with you to the race that is not participating that is willing to help out on an assigned position for a few hours, please email me ASAP: calicoracing@hotmail.com

Breakfast: Breakfast is included in your entry fee and will be available **OUTSIDE** the Little A'le'Inn (finish line) from 1:30am-8am. Runners' bib #'s will function as your ticket. For those that have purchased "spectator breakfast", a wristband will be in your race envelope at packet pick up. Please ensure that your spectator wears it.

A'le'Inn: The Little A'le'Inn will be open for business with limited menu items *for purchase*. They have retail items for sale and the bar (ID required) will be open- so bring some cash and please thank them for being a part of the ET race.

Finish Line: Wet and dry towels will be available at the finish line to clean off. Please return these to the bin labeled "used".

Timing: Your loaner timing chip will be in your race envelope. You must wear it on your shoe in order to be timed! For the 51K, marathon, and 1/2 marathon: Technically you will still have just one GUN time, but the finish time is chip captured. There will be no timing mat at your start line, just the finish line. The event sizes are small enough that this should not be a factor. The largest race distance will take roughly 20 seconds for everyone to cross the start line. Line up according to pace, please. You MUST return your timing chip. 10K/ 5K will be chip start / chip finish so please be sure to cross over the mat.

Mile Markers: Mile markers will be at each mile split for each of the 5 distances. They are signs placed inside traffic cones on the side of the road. The mile number is reflective! Signs are color coordinated: Marathon= blue; 1/2 Marathon= Green; 10K= Silver. 5K= Purple. 51K is concurrent with the marathon until mile 23, then you will continue in Red for markers 25, Turn Around (25.8) and 30. ** All marathon, and 51K runners must verbally tell their bib number to the clipboard volunteer at your turn around.

Cattle Guards: There are 2 Cattle Guards on the marathon and/ or 1/2 marathon course. There will be a sign alerting that it is coming up, and they will be covered. There may be a "lip" to the covering, so PLEASE watch your step!

Weather: Expect temps in the mid 70s at the start, cooling to mid 60s- no sun :) Great running weather, but expect to get a little chilly after your finish, so you may want to bring long sleeves for post race!

Boy- that's a lot of stuff! Safety first....now let's have some fun!!

See you all soon!
